community.

# Meaningful Work. Meaningful Life.

In 2016, Montcalm Care Network celebrated 50 years of caring for the residents of Montcalm County. As an organization, we have grown to become a comprehensive and fully integrated system of care -- providing for the behavioral, physical and substance use needs of those we serve.

We are cutting edge in our approach to addressing the whole health of individuals; literally caring for people from head to toe.

We are a leader at integrating Peer Supports throughout our service array; recognizing lived experience as a powerful tool in giving hope to others.

And we are an example to our community in promoting inclusive opportunities for individuals within and outside of our organization; recognizing the value inherent in each and every person.

Through meaningful work, we are achieving meaningful lives -- for ourselves, those we serve and our community.

- Tammy J. Quillan, Executive Director

## 2016 Community Excellence Award Winner:

### Montcalm County Board of Commissioners

For establishing the first Mental Health Board of Directors in 1966 and in recognition of those Supervisors and Commissioners throughout the last 50 years that supported Montcalm Care Network in building a comprehensive and locally accountable system of care that embraces our most vulnerable citizens, protects their most basic rights and freedoms and creates opportunities to live satisfying lives in the community.
