Name: _____

Date: _____

General Summary

Under the supervision of the Children's Services Manager, provides support services to children with serious emotional disturbances and/or developmental disabilities and their families who are receiving an intensive community based service. Assists children in the development of skills to promote age appropriate independence and pro-social behaviors, as well as promoting community inclusion. Attends to the health and safety needs of the family. Assists parents in the development of consistent strategies and routines to address needs and behaviors identified in the family centered plan. Promotes mental health recovery, wellness, and full participation within the community for consumers in a manner where practice is trauma informed, co-occurring capable, person/family centered and integrated with other health care providers.

Essential Functions

1. Works under the guidance of the primary clinician and receives scheduled supervision/observation related to interventions with children and families.
2. Participates in the development of family centered plans for assigned consumers with child/family input and involvement.
3. Ensures implementation of the family-centered plan, including any behavior, Applied Behavior Analysis, nursing and/or crisis plans under the guidance/supervision of the primary clinician and specialty service professional staff. This includes monitoring and recording of progress toward goals and objectives.
4. Teaches, coaches and supports children and parents in acquisition of skills sets as defined in the family centered plan.
5. Promotes child/adolescent development of pro-social behaviors, peer interactions, community inclusion, family activities, transitional planning, activities of daily living, and promotion of parenting skills in relation to the identified mental health/developmental disability needs.
6. Manages aggressive and/or self-endangering behaviors through appropriate interventions and within compliance with MDHHS and Recipient Right's regulations.
7. Communicates and coordinates with all involved agency personnel, natural, and community supports as defined by the established supports or treatment plan.

8. Links families with supportive services in the area of housing, legal, clothing, medical/psychological care, social security, utilities, education, transportation, employment, safety, and recreation for clients.
9. Enhances community understanding and acceptance of the mentally ill and promotes wellness by community presentations to civic and community agencies, and other interested groups, such as schools and during interactions with community partners.
10. Contacts community systems such as the Department of Human and Human Services, the Mid-Michigan District Health Department, project Find, local schools, physicians or members of the legal system to coordinate client services, advocate regarding client's rights, and to make referrals.
11. Maintains complete and detailed case records consistent with MDHHS standards, agency procedures, and requirements of third party funding sources.
12. Ensures that clinical documentation regarding the family is kept secure and confidential consistent with MDHHS and agency policies and procedures.
13. Complies with recipient rights reporting requirements established by the Mental Health Code and agency procedures.
14. Must participate in a minimum of 24 hours of annual training related to the treatment of children and families and/or relevant to the population served.
15. This position will be knowledgeable about and actively support: 1) culturally competent recovery based practices; 2) person centered planning as a shared decision making process with the individual, who defines his/her life goals and is assisted in developing a unique path toward those goals; and, 3) a trauma informed culture of safety to aid consumers in the recovery process.
